(Dick Lung)

The San Diego Association of Geologists' monthly meeting will be held at the Campus Chuckwagon on September 21, 1971.

Dinner will be at 7:00 pm with our speaker at 8:00 pm. Dr. William T. Soldmann, Jr, MD, will be the guest speaker on a topic that is of great interest to all brush-haunting geologists -- namely snake bites. One of San Diego's finest experts on snake bites and how to treat them, Dr. Soldmann will speak on how to treat the snake bite no matter when or where.
