

SAN DIEGO ASSOCIATION OF GEOLOGISTS

6717 CONVOY COURT

FEBRUARY 1974 MEETING ANNOUNCEMENT

Time: Thursday, February 21, 1974
Attitude Adjustment Hour 6:30 - 7:30 PM
Dinner 7:30 PM
Program 8:30 PM
(If you can't make dinner come for the program)

Place: Jolly Ox Restaurant, Mission Valley
881 Camino Del Rio South

Topic: The Seismic Safety Element for Planning

Speaker: Charlie Lough, Engineering Geologist for the County of San Diego.
Charlie spent one week at the State Wide Community Planning for
Seismic Safety Conference at Pacific Grove and will be telling us
what it was all about.

Reservations: Call Bill Elliott at 565-1955 by 4:00 PM, February 20, 1974.
Bring a Friend!

Announcements: DUES DUES DUES DUES

1974 S.D.A.G. Dues are due and payable. Please fill out and mail the dues slip
at the bottom with your \$5.00 to Ray Scaramella or bring your \$5.00 to the meeting.

We would like to thank the Geotechnical Engineering Division of the A.S.C.E. for
allowing us to join them to hear Awtar Singh last month and find out how they do
it -- make a living with the factor of safety! Thanks also to Awtar Singh for
giving us a lively talk and sending many of us copies of his factor of safety paper
and factor of safety drawings.

On January 31, 1974, Dennis Hannan, Charlie Lough, Bill Elliott and Frank Kingery
attended a CPO meeting with other county and city planners to review the Seismic
Safety Element. John T. O'Rourke, Senior Engineering Geologist from Cooper-Clark
& Associates was also in attendance. In summary, we need more and better up to date
data on faults and landslides. The S.D.A.G. members will work with Charlie Lough to
try to resolve some of these problems before the final maps are adopted.

Dennis Hannon is our local celebrity of newspaper and TV fame. On January 18, 1974,
Dennis made the San Diego Union and Channel 10 with his Oceanside-Carlsbad area fault
study. On February 8 he was again interviewed on Channel 10 regarding faulting and
earthquakes in San Diego County.

Don't forget the A.A.P.G.-S.E.P.M.-S.E.G. convention at the Sheraton Harbor Island
Hotel on April 24-28, 1974. The icebreaker Wednesday night will feature a boat ride
on San Diego Bay. Technical sessions on Thursday and Friday will follow the theme:
"Energy, the Change and the Challenge." A two day field trip on Saturday and Sunday
to El Rosario will concentrate on new basins and Cretaceous geology. You all come!
Call Bill Elliott (714) 755-4219 for information or to offer a helping hand.
