

# SAN DIEGO ASSOCIATION OF GEOLOGISTS

## APRIL MEETING ANNOUNCEMENT

DATE: Wednesday, April 27, 1977

TIME: Social Hour - 6:00 p.m.  
Dinner - 7:00 p.m.  
Speaker - 8:00 p.m.

LOCATION: Caesar's - Mission Valley  
5010 Mission Center Road  
San Diego, California  
(order from menu plus 75¢ gratuity)

SPEAKER: Mr. Tim Landis, Supervising Hydrologist, U.S. Geological Survey, Laguna Niguel Office

Tim received a B.S. degree in hydrology from Chico State University in 1967. On graduation he joined the Survey working first in the Salinas Field Office and then in Menlo Park. In 1975 he transferred to the Laguna Niguel Office.

TOPIC: September 9-11, 1976 Floods in Southern California from Hurricane Kathleen.

### UPCOMING TALKS:

Association of Engineering Geologists. At 8:00 p.m. on May 10, 1977 Dr. Kerry Sieb of Stanford University will speak on "Late Holocene Earthquakes Along the San Andreas Fault." The meeting will be held at Sir Michael's in the City of Commerce. Call Bob Dowlen (292-5100) for details.

San Diego State University. During the regular school year the Department of Geological Sciences conducts a weekly seminar at 4:00 p.m. in CG201. The final talk for this semester will be presented on April 27th by Mr. Rogers Handy, Standard Oil Company of California, and is entitled "Oil Exploration in South Alaska; How the Recent Graduate Fits In." For details call the department office at 286-5586.

Scripps Institution of Oceanography. At 8:00 p.m. on Thursday nights the graduate students conduct a weekly seminar in the IGPP Conference Room. On April 29th Ms. Kathy Crane will present "Clambakes and Slime at the Galapagos Spreading Center." For information on May speakers, contact the graduate department at 452-3207.

UPCOMING

TALKS:

University of California at San Diego. Dr. Chris Hende will present "Global Climate and Late Quaternary Glacial History of Antarctica" at 3:00 p.m. on May 8th in Room 307 of Vaughan Hall.

SPECIAL

NOTICES: A. At the April Officers and Board of Directors meeting the following items were discussed:

1. The Association Treasury lost \$140.00 during the March meeting paying for meals for "no shows". At this rate we'll be "belly up" within 2.53 hours. Please show up if you reserve a dinner so we won't become classified as "All go and no show" by "those in the know" at local area "bistros".
2. There is interest in a field trip to study flood damage in the Ocotillo area. Any ideas?
3. There is also interest in a third printing of our 1973 Geologic Hazards guidebook. Local consultants are invited to engage in loan negotiations with Frank Kingery within the next few weeks.

B. Wednesday, May 11th, is the firm date for Master's Thesis proposals and thesis talks at San Diego State University, Department of Geological Sciences. There will be two sessions with morning talks devoted to thesis proposals. The afternoon session will feature finished or nearly finished thesis topics.

A large majority of the graduate students will be speaking, thereby offering a unique opportunity to keep in touch with the research in progress at State. An abstract with programs is being prepared and will be available upon request.

Call Karl Arleth at SDSU, Department of Geological Sciences, for more information.

C. The mailing list is being updated. Unpaid members will be dropped from the list by next month.

NEWS OF  
MEMBERS:

? (If you hear anything please call Bob Dowlen or Dave Sawicki; at 292-5100).
