ANNOUNCEMENTS:

- 1) SDAG is looking for corporate sponsors to help us in our yearly expenses. We received a \$500 cash contribution from Woodward-Clyde Consultants. This contribution will help SDAG in our future functions planned for 1989. We want to thank Woodward-Clyde Consultants for their support of SDAG. Their company will be listed as a corporate sponsor in our 1989 SDAG Membership Directory which is planned for completion in the summer. If you or your company would like to become a corporate sponsor and be recognized in our SDAG newsletter, 1989 Directory and the next month's meeting, send a minimum \$100 contribution to SDAG c/o Mr. John Hoobs, Geocon Incorporated, 6960 Flanders Drive, San Diego, California, 92121-2974.
- 2) CALL FOR PAPERS! SDAG plans to prepare a publication entitled "Geologic Studies in San Diego, 1989" to accompany the SDAG 1989 Fall Field Trip on October 21 and 22. Submission of draft papers can be submitted through June to Diane Murbach, 4626 Bay Summit Place, San Diego, California 92117. Details on the type of computer format will be distributed to accepted authors. Please call Diane Murbach at (619) 275-2474 for details.
- 3) The South Coast Geological Society's Fall 1989 field trip will be along the San Andreas Fault from the vicinity of Cajon Pass into the Carrizo Plain. Exact dates have not been determined yet, but will probably be in the last half of October. We are asking for papers for the guidebook which will be published for the trip. Topics of the papers submitted need not be confined to the area of the fault covered by the field trip. Deadline for submission of papers is August 15, 1989 and they should be sent to Joan Baldwin, South Coast Geological Society, P.O. Box 10244, Santa Ana, California 92711. Call Joan Baldwin at (714) 839-8664 (or 213-715-3368) or John Foster at 714-727-3223 for further information.
- 4) CALL FOR PAPERS on Baja California Geology for volume to be published by Pacific Section SEPM in conjunction with the October 14 and 15 field trip. If you have some Baja California research results, please consider publishing them in the forthcoming volume on Geologic Research in Baja California to be printed for the October 1989 Pacific Section SEPM field trip. During this early planning stage, we need to know how many people are interested in participating. Please send the working title of your manuscript to Pat Abbott at the Department of Geological Sciences, San Diego State University, San Diego, CA 92182-0337, or else call to (619) 594-5586 for further information. Rough drafts of manuscripts will be needed for review by mid-July. Edited manuscripts will be returned to authors for preparation as camera-ready copy on oversized format sheets in typical Pacific Section SEPM style. We expect a sizeable number of manuscripts to be submitted so the volume should be noteworthy. We hope to hear from you soon.
- 5) San Diego Region Seismic Risk Workshop (Request for Sponsors - Call for Abstracts). Leighton and Associates is assisting the Southern California Earthquake Preparedness Project (SCEPP) in organizing a workshop on the seismic potential of San Diego area faults, with
