SUMMARY: With 35 of years applied geotechnical and civil engineering practice, Mr. Gardner has been directly concerned with a great variety of projects throughout the United States and abroad. He has directed hundreds of geotechnical studies concerned with the design and construction of power plants, dams, water supply systems, major buildings, and offshore facilities. His many publications include Drilled Pier Construction and Drilled Pier Foundations, the only comprehensive theses on this subject. An Executive Vice President of Woodward-Clyde Consultants since 1975, he has been WCC's EVP in charge of practice since 1982.

NOTE: Due to multiple requests of members, SMOKING will no longer be permitted in SDAG meeting rooms.

ANNOUNCEMENTS:

1. SDAG would like to thank **HARGIS + ASSOCIATES, INC.** for being a 1991 SDAG corporate sponsor!!! SDAG is still looking for other corporate sponsors to help in our yearly expenses. Corporate contributions are used to sponsor students at our monthly meetings and to upgrade our equipment, etc. If you or your company would like to become a corporate sponsor and be recognized in our SDAG newsletter, directory, and at the following month's meeting, send a minimum \$100 contribution to SDAG c/o Lyne Perry at Leighton and Associates. (Thanks, **HARGIS + ASSOCIATES!!**).
2. Robert Hawk, a graduate student at San Diego State University in the Hydrogeology program, is requesting help from any consultants drilling in the downtown area of the City of San Diego. As a part of his thesis, he needs a few 2" to 3" long (2 or 3 rings) driven soil samples of formational material just above or below the water table in the area of the "Blob", an area approximately bounded by Harbor Drive, Broadway, Front, and 6th Avenues. The samples will be used to determine characteristic moisture retention curves. Test results will be provided to donors as available. Please call 236-7236. Thanks!!
3. The Geological Society of America will hold its Annual Meeting this year in the San Diego Convention Center, October 21-24. The meeting will emphasize Environmental Geology. Volunteered abstracts are due by July 3 (Contact GSA abstract coordinator at 303-447-8850). A spectacular array of Field Trips has been planned (Contact Mike Walawender, field trip chairman 619-594-6543). A few Exhibitor Booths are still available (call Kathy Lynch at GSA 800-472-1988).
4. SDAG is pleased to announce that we have made a contribution to the Geological Society of America's 1991 Top Seniors Fund-- thanks to the generous support of our members and corporate sponsors! The program invites top-notch undergraduate students to the 1991 annual meeting in San Diego and assists in expenses. If you or your firm would like to sponsor a student (or two or?), please contact Kathleen Ohmie-Lynch of GSA at (303) 447-2020 for more information. Please contact Bill Elliott (619) 586-0870 if you have a spare bed or couch to provide lodging for a Top Senior or two. For GSA Membership information, contact Diane Murbach at 966-8672.
5. **IT'S HERE.** The 1989 SDAG/SCEPP publication has finally arrived. Publications can be purchased at the monthly meetings or by contacting Sue Tanges at Leighton and Associates.
6. Deadline for announcements to be included in the June newsletter is May 28. Please submit in writing to Lyne Perry at Leighton and Associates (FAX (619) 292-0771).

EMPLOYMENT OPPORTUNITIES:

1. Robert Prater Associates is actively seeking experienced soil technicians. Send resume in confidence to Robert Prater Associates, 10505 Roselle Street, San Diego, CA 92128, Attention: Jim Barton.
