

ANNOUNCING THE FOURTH ANNUAL SAN DIEGO ASSOCIATION OF GEOLOGISTS FIELD TRIP

DATE: December 14th and 15th, 1974 - Saturday and Sunday

TRIP: This overnite trip will be by bus with space limited to 47 persons. The only equipment you will need is a sleeping bag and air mattress. Bring your own lunch for Saturday! All food other than the first day's lunch will be provided. We will visit the Chariot Canyon, Elsinore, and Coyote Creek Faults in the Anza-Borrego Desert. In addition, we will view the geology of Split Mountain with a possible side trip to the San Jacinto Fault near Clark Lake if time permits. Portions of the trip will be led by Robert V. Sharp of the U.S.G.S.; Richard L. Threet, San Diego State University; and Lee Allison, Standard Oil Company.

COST: \$25.00, with checks payable to the San Diego Association of Geologists. This trip fee includes bus, food, and a guidebook with many interesting new papers on groundwater, faulting, and general geology prepared by various San Diego geologists.

POINT OF DEPARTURE: 8:00, Saturday, December 14, 1974, departure from the parking lot, San Diego State University Campus. (See map below)
